Dear Fellow Republican,

JFK once said, "Sometimes, party loyalty asks too much." I agree with that. As a lifelong Republican, I almost always support GOP candidates. But I'm supporting Phil Dougherty for Supervisor, and I hope you will too. Phil is an integral part of a dedicated, effective board that works well together, understands OUR issues, and has held in line an 8-year freeze on our property tax rates. He is NOT a full-time, professional politician, having farmed and worked in Mason City since 1978. Phil is conscientious, honest and for decades has served as a very active community volunteer. In short, he's one of us.

In 2010, Phil fully supported my successful efforts to STOP the proposed expansion of our Board of Supervisors. Had that proposed idea become law, it would have led to bigger, more costly government -- which is the LAST thing we need! Phil's republican opponent this fall is the man who proposed, and actively promoted this ill-advised idea.

So please get out and vote for Phil Dougherty, and urge your friends, neighbors, and co-workers to do so as well.

Best Regards,

*Gary*
